Acknowledgements

The idea of this volume developed from a conference entitled "Draußen vor der Tür? Konzeptionelle Herausforderungen für die EU-Politik gegenüber den neuen Nachbarn", organised by the editors at the German Institute for International and Security Affairs (SWP) in Berlin in June 2006. This conference was made possible by a grant from the German Arbeitskreis für Europäische Integration and the Friedrich-Naumann-Stiftung.

There are many people who have made it possible for the book to be published. First and foremost thanks must be given to the contributors for both agreeing to write their chapters and then diligently submitting them on schedule. Secondly, we would like to express our thanks to Jennifer Assmann, Wolf Schünemann, Jana Windwehr, and Florian Wassenberg who have done a great job in assisting to the editors and who provided many useful comments and suggestions on this book. Finally, we are grateful for the constant support of everyone at Barbara Budrich Publishers, especially Niklaas Haskamp and Barbara Budrich.
